

Fixed Line Payment Services

Pay by home or fixed line phone

Triton's own in-house interactive voice and video response platform (IVR/IVVR) allows service providers the ability to monetize consumers on a per-call or per-minute basis. Live voice services or recorded voice services can be provisioned and our integrated payment system allows these services to be added to a phone subscribers fixed line bill. Our extensive carrier connections ensure optimum reach and access. Examples of live services which are supported by our pay per call or pay per minute are:

- Technical assistance
- Counseling and therapy
- Education and tutoring
- Life coaching
- Legal advice
- Relationship advice
- Psychic services
- Business Consulting
- Financial Advice
- Programs which can be serviced by recorded programs include:
 - Sports lines
 - Stock and investments advice
 - Weight loss and wellness
 - Government program lines
 - Lottery results

Alternative payment providers can also integrate pay by phone fixed line into their payment windows. Simply instruct consumers to call a premium number to access a service automatically via Triton's IVR.
